RE: Changes to the Naperville Riverwalk Eatery

Ray,

Thank you and your staff for presenting the proposed modifications to the Eatery to the Planning, Design and Construction Committee of the Naperville Riverwalk Commission on December 2, 2014.

We understand that after several proposals to consider, the Park District has elected to move forward with a plan that includes modest changes to the interior appearance of the Eatery and some menu enhancements. The biggest modification will be the construction of an outdoor seating patio that includes moveable furniture. The patio will be surrounded by a gated decorative fence or low walls and some new landscape materials.

We also understand that the Park District is interested in applying for a liquor license to allow for the sale of beer and wine that will only be consumed in the eatery or fenced in outdoor patio.

The PDC was made aware of the proposed modifications and the committee found that there were no concerns with the proposed modifications.

If you have any questions please call.

Geoffrey Roehll
Chairman, PDC Committee
Naperville Riverwalk Commission
